

ORDINANCE PASSED

FOR SIDEWALK FOR HARVEY'S
ONE BLOCK ON EAST SEVENTH.

JUDGES WERE SELECTED

Vehicle Tax Discussed and Other Mat-
ters Taken Up by the City
Council.

The city council met Friday evening with a full board present, this being the first time for several months. Several ordinances were taken up.

The ordinance for the sidewalk on East Seventh street, in front of the Harvey property, was finally passed at last night's session. This sidewalk ordinance has been up for some time, and it was always defeated. The members opposed to it thought that the sidewalk should be extended to the east line of the Gibbs place on that street, and the ordinance was adopted only when another ordinance was passed extending the walk to that place.

When the Harvey ordinance was up for the first time at Friday night's session it was defeated. Aldermen Ford, Ewing, Herndon and Signs voting against it, and Aldermen Hudson, Conrad, Foster and Gram voting for the adoption of it. When the members that were opposed to it said that they would vote for the sidewalk if it would go to the east line of the Gibbs place instead of going to a point directly in front of Gibbs' front door, the ordinance was again put up and passed, every member of the board voting for it. Then the Gibbs ordinance was placed on its final passage and every member of the board voted for it, with the exception of F. C. Conrad, who was opposed to it for the reason that it did not benefit any one.

Another ordinance establishing the grades on East Seventh street was adopted.

The board selected the following to act as judges for the city election to be held on Tuesday, April 4:

First ward—John Thornhill, Henry Westfall, W. W. Glass and LeGrand Gann.

Second ward—Walter Mutz, Will Sawyers, John Herren and Lincoln Bent.

Third ward—Albert Bell, J. F. Cook, Ed Curfman and John Hull.

Fourth ward—O. P. Wade, Frank Wallis, William Hopley and R. E. Snodgrass.

Another matter discussed at Friday's session was the vehicle tax ordinance. Some objection to the tax is made by members of the board. Only \$7 has been collected this year. The city collector was instructed to go after this tax to collect same.

Another new vehicle tax ordinance will probably be adopted by the board at a meeting at a later date.

DARK FOR CRAIG'S
COUNTY OPTION BILL

Jefferson City, March 17.—Friends of the county unit local option bill in the senate today attempted to "dynamite" the measure out of the municipal corporations committee, to which the lieutenant governor had referred it, but failed. Had the bill gone through the regular channels, it would have been referred to the committee on criminal jurisprudence, since it carries a penalty, but members of the municipal corporations committee are known to be unfriendly to it, and this, it is thought, explains the action in placing it with that committee.

Representative Anderson Craig of Nodaway county, author of the bill, said this afternoon that the prospects for its passage are now dark.

Mrs. Roach is Doing Well.

Mrs. T. H. Roach, living north of the city, who was operated on Thursday at St. Francis hospital, was resting nicely Friday and is doing well. Miss Lucile Carter, another patient at the hospital, who has been very ill of typhoid fever, was improving Friday. She is in the care of a nurse from Kansas City. Her father and mother, Dr. and Mrs. M. Carter of Burlington Junction, are also with her constantly.

George P. Bellows returned Saturday morning from a business trip to Fort Worth, Texas.

Distribution of Cowpea Seed by the
Missouri State Board of Ag-
riculture.

In addition to the free lectures to be delivered by experts of the Missouri agricultural college on the special train which will be operated by the Wabash railroad over its lines in Missouri, March 21st to 23rd inclusive, Wabash ticket agents at all points where this special train stops, will be supplied with a quantity of cowpea seed with instructions to sell at 10 cents per quart to applicants until the supply is exhausted. Only one quart of seed will be furnished to each individual, and it must be obtained before the arrival of the special train. None will be delivered while the train is at the station. The object in distributing this seed by the state board of agriculture is to secure a more extended use, both as a feed, as a fertilizer and to get more of the seed grown. The price of 10 cents per quart is the actual cost. Instructions as to planting, etc., will be furnished with each package.

For further particulars see your Wabash ticket agent.

Mrs. Rose Owens of Hopkins, who has been visiting her sister, Mrs. Clara Smith of East Fourth street, returned home Saturday, accompanied by her little niece, Helen Smith.

Mr. and Mrs. T. A. Coker of Burlington Junction were in the city Saturday and went to Hopkins to visit relatives, and will spend Sunday with Mrs. Coker's parents, Mr. and Mrs. Charles Wolfers, at Pickering.

Mrs. Fred Swann of Barnard was in Maryville shopping Friday.

Mrs. J. A. Greenlee returned to her home in Pickering Saturday, after a visit since Wednesday with her parents, Mr. and Mrs. Sherman Garten.

Mrs. W. M. Wright and daughter, Geraldine, of Blocton, Ia., were in Maryville Saturday forenoon and went to Hopkins to visit her sister, Mrs. P. H. Stewart. They will return Sunday to visit the family of Mrs. Wright's brother-in-law, U. S. Wright, of South Buchanan street.

Mrs. J. H. Bryant of Burlington Junction spent Friday in Maryville and was the guest at the home of Mr. Bryant's sister, Mrs. J. T. Linville.

Mrs. W. S. Harden and sons, Guy and Cleo, of Stanberry were in the city Friday morning on their way to Bolckow to visit her mother, Mrs. Jeannette Hall.

Mrs. G. F. Woodard went to St. Joseph Friday morning to spend the day.

Mrs. E. E. St. Clair and Miss Eda Owens of Quitman arrived in the city Friday for a visit with Mrs. St. Clair's brother, Doug Montgomery.

Mrs. H. E. Fleming and little daughter, Violet, were in Maryville Friday evening on their way home from Conway, Ia., where they attended the funeral of Mrs. Fleming's father-in-law, Frank Fleming.

Rev. W. J. Parvin will occupy the pulpit of the M. E. church, South, at Salisbury Sunday.

CASH FOR BAKER UNIVERSITY

Hundred Thousand Dollars Added to
Endowment of School.

Abilene, Kan., March 18.—One hundred thousand dollars will be added to the endowment of Baker university at Baldwin, Kan., through action taken by the state conference of the Methodist Episcopal church here. The conference voted to turn over to the school all of what is known as the Chrisman bequest, consisting of \$70,000 in cash and loans and \$30,000 real estate left in the hands of the church. Members of the conference add that other bequests will be announced soon, making a total of \$250,000 for the Baker endowment fund.

GOLDEN WEDDING

ANNIVERSARY CELEBRATED AT
SKIDMORE TODAY.

MR. AND MRS. HOBLITZELL

Married at Peru, Neb., on March 19,
1861—Reception Held at Home of
Mrs. H. W. Montgomery.

Mr. and Mrs. Cornelius Hoblitzell of Skidmore celebrated their golden wedding anniversary Saturday, giving a reception to about 250 friends at the home of their daughter, Mrs. H. W. Montgomery, in that town. The day was an enjoyable one and will be long remembered by Mr. and Mrs. Hoblitzell.

Mr. Hoblitzell was born in Platte county, January 10, 1841, and came with his parents to Holt county in 1844, locating in Oregon. He engaged in the lumber business at various points in Holt county, and left Oregon in 1896, and after residing in Rockport a few years, moved to Skidmore, which has since been their home.

Mr. and Mrs. Hoblitzell are members of the M. E. church. Mr. Hoblitzell was superintendent of the Sunday school at Oregon for thirteen years. The couple have three children, one son and two daughters—Harry Hoblitzell of Skidmore, Mrs. H. W. Montgomery of Skidmore and Mrs. Frazer Allen of St. Joseph. They have eight grandchildren.

News of Society
and Womens' Clubs

Mrs. Jackson to Entertain.

Mrs. Joseph Jackson, Jr., has issued invitations for a small party Tuesday afternoon.

Her Eighth Birthday.

Mr. and Mrs. John W. Bookman entertained at a dinner party Friday evening at their home, on East First street, to honor the eighth birthday anniversary of their daughter, Ruth. The guests included: Miss Ada Albert, and Miss Schae Rowley, teachers of the Jefferson ward school, where Miss Ruth is a student, and her nearest neighbor, Mabel Robey; Mr. and Mrs. Burr Williams, Miss Bessie Curritt and Mrs. Donald Cady of St. Joseph, the host and hostess and their little daughter, Gladys.

Came to See Mr. Bennett.

Perry Hoshor and Mrs. Joseph Frichman of near Rosendale came to Maryville Saturday noon on account of the serious illness of their brother-in-law, I. A. Bennett of South Walnut street. Also Miss Capital, a trained nurse from St. Joseph, who came to relieve the nurse now in charge, who has been caring for Mr. Bennett for several days.

Invented New Game.

Yes, sir, the Hum Drum is one of the leading clubs of Maryville. The members are always ready for a jolly time, and their stunts are very original. Not long ago they became tired of the games which they were in the habit of playing, so they invented a new one, which is now beginning to go the rounds of the parties here in town. Hum Drum dominoes is the name of this new creation of theirs. It is played like regular dominoes, with this exception: Any player may play out of his turn if in so doing he can build the dominoes so as to make five or a multiple of five. It is not much of a change, so far as the rules of the game are concerned, but it certainly makes the game a lively one. Try it once and see how much thinking and speed it takes to see the plays and make them before your opponent does, and at the same time keep track of whose turn it is to play in the regular order.

Party at "The Bungalow."

Mrs. Luther E. Forsythe, Mrs. Ferdinand Townsend and Mrs. Ralph W. Eversole will entertain Thursday afternoon at the home of Mrs. Forsythe, "The Bungalow," on West Terrace place.

Was Beautiful Reception.

The reception given by the Twentieth Century club at the home of Mrs. S. G. Gillam Friday afternoon, to celebrate the fourth anniversary of the organization, was the nicest social affair that has been given by the club for some time. On the arrival of the

guests, Mrs. D. J. Thomas invited them to punch, which was served in the reception hall by Mrs. Ferdinand Townsend, Mrs. Joseph Jackson, Jr., and Miss Emma Lee Taylor. They were then received in the parlor by Mrs. Gillam, Mrs. W. A. Rickenbrodt, president of the Twentieth Century club, and Miss Donna Slason, vice-president of the club. Those of the general reception committee were Mrs. J. C. Aldender, Mrs. Scribner Beech, Sr., Mrs. J. F. Montgomery, Mrs. J. A. Ford, Mrs. G. B. Roseberry, Mrs. H. K. Taylor, Mrs. Charles D. Bellows, Mrs. Martha Clark, Mrs. O. C. Hanna, Mrs. Leslie Dean, Mrs. C. C. Corwin, Mrs. G. H. Colbert, Mrs. Vilas Martin, Mrs. W. C. Pierce, Mrs. E. G. Leake, Mrs. H. L. Raines, Mrs. R. G. Sanders, Mrs. M. G. Tate. The dining room, because of the extraordinary beauty in decoration, was the center of attraction. Butterflies of various colors were suspended from the ceiling on invisible wires, their constant flitting over the dining table centered with three crystal baskets of lavender sweet peas and ferns had the effect of a lovely garden. The handles of the baskets were tied with lavender tulle. The table was lighted by lavender candles in crystal holders. The sideboard was also beautiful in its decorations of lavender sweet peas in crystal baskets and lavender candles in crystal holders. Lavender ice in white cases with whipped cream were served by Mrs. T. L. Wadley, Mrs. M. M. Denning and Mrs. Charles Wadley, assisted by Miss Clara Bellows, Miss Bird Shelton, Miss Hettie Anthony, Miss Clara Sturm, Miss Della Grems and Miss Bertha Beal. The guests were invited to coffee and sandwiches in the den by Miss Jessie Pacher, where the coffee was poured by Mrs. G. B. Holmes, Mrs. G. P. Bellows, Miss Mabel Marjolin, Miss Martha Reid, Miss Mae Orear and Miss Helen Lettler. Before retiring the guests were presented by Mrs. Charles Jackson to the retired officers of the club, Mrs. E. G. Orear, Mrs. Harry Irwin, Mrs. Horace Lett, Mrs. J. B. Robinson and Mrs. William M. Wallis, Jr. All through the afternoon Mrs. G. L. Willey, by the use of her Victrola, gave selections from the world's best music.

The invitation list included Mrs. J. S. Ford, Mrs. N. C. Covey, Mrs. F. W. Crow, Mrs. R. B. Montgomery, Miss Ruth Montgomery, Mrs. C. C. Helmers, Mrs. C. Q. Smith, Mrs. Moses Nudbaum, Miss Bettie Turner, Miss Maud McClusky, Miss Lou Garrett, Mrs. C. J. Alderman, Mrs. Frank Bellows, Mrs. G. A. Nash, Mrs. J. C. Denham, Mrs. S. R. HE MAY RECOVER

DOCTOR ENTERTAINS HOPES FOR
RECOVERY OF ALDERMAN.

OPERATION SUCCESSFUL

Skull Was Trephined for a Double
Fracture and Mr. Alderman is
Resting Easily.

Merrill J. Alderman of the Alderman Dry Goods company, who was thought to be fatally injured Friday in an accident that caused a fracture of the skull, was better Saturday afternoon and his physician, Dr. Charles T. Bell, is rather hopeful of his recovery. Dr. Bell remained all night with him at the hospital. The patient passed a comparatively restful night and is conscious at times.

Mr. Alderman is not aware of what happened, but knows that he met with an accident, and asks questions about the occurrence during his conscious moments. He sleeps frequently, and it is the desire of his physicians to keep him as quiet as possible.

His temperature has scarcely been above normal at any time, which is an excellent indication.

The nature of Mr. Alderman's injury may be of interest to many. He sustained a longitudinal fracture of the occipital bone, three and a half inches in length, with a cross fracture at the occipital protuberance. The fracture extended down from the occipital protuberance, deviating slightly from the median line to the foramen magnum.

The operation that Dr. Bell performed, assisted by Dr. F. R. Anthony and Dr. G. A. Nash, is interesting in surgery, and requires skill in performing it. The skull was trephined a little more than an inch from the foramen magnum, and also at a point just below the occipital protuberance. At one edge of the T-shaped fracture was the point where the head struck the pavement, and the fracture radiated from it.

At the lower point of the trephining a piece of projecting bone was removed and quite a large amount of cerebro spinal fluid escaped. Both points of the trephining were drained with catgut drainage. The drainage of this fluid was excellent until morning.

Mr. Alderman's fine physical condition and good habits stand him in good stead and Dr. Bell thinks if complications do not arise that he has a good chance for recovery.

Arrived from Montana.

Mr. and Mrs. J. L. Breedlove and little daughter arrived Saturday noon from their home in Bridger, Mont. Mrs. Breedlove fell a few days ago from steps of a boarding car and her husband was conducting for track layers on the Burlington railway there, and broke her right wrist. She was sweeping the steps of the car when they broke with her. They went to the home of her parents Saturday afternoon, Mr. and Mrs. D. F. Shupe, living west of the city where they will remain until she recovers from her injury. Mr. Breedlove is a former Maryville contractor. He has been employed by the Burlington in the west for the past few years.

Funeral at M. E. Church.

The funeral services of Mrs. John L. Moore, who died at her home on South Main street Thursday afternoon, will be held promptly at 2 o'clock Sunday afternoon at the First M. E. church, conducted by the pastor, Dr. J. S. Ford. The music will be in charge of Prof. P. O. Landon. The body will lie in state at the family home from 11 a. m. to 1:30 p. m. Sunday. A short prayer service will be held just before leaving for the church. The casket will not be opened at the church.

Addressed the Teachers.

Mrs. E. G. Leake went to Pickering Saturday, where she delivered an address on "What is an Educated Man?" before the Union township teachers and patrons' meeting, which was held in Pickering Saturday.

Has Broken Collar Bone.

John Barber and his brother Frank of Skidmore were in the city Saturday. John Barber is nursing a broken collar bone he sustained a few days ago while riding a colt.

Attended Lay Convention.

Charles Hyslop and Prof. B. F. Duncan went to Stanberry Saturday to attend the laymen's convention of Northwest Missouri, which was in session Saturday and Sunday.

Mrs. Edmond Nicholas of Burlington Junction was in the city on business Saturday.

Matthew Whiteford of Guilford was a Maryville visitor Thursday.

BOY SCOUTS WON
IN BASKET BALL GAME

The second training school basket ball team met its first defeat Friday afternoon when they were defeated by the Fox patrol team of the Boy Scouts. The game was played in the Normal gymnasium and the score was 16 to 13 for the Boy Scouts. It was a close game, and the stars were Goff Crawford and Jesse Miller. The line-up was:

Scouts—Miller and Crawford, forwards; Richardson, center; Will Hutchinson and Irwin Harris, guards. Training school—Kauffman and stall, forwards; Wiley Van Horn, center; Ellis Chappell and Lee Shaub, guards.

Visited Their Aunt.

Mrs. Nora Galbreath of Gentry and her guest, Mrs. C. D. Needles of Eureka, Kan., who have been visiting their aunt, Mrs. J. H. Alexander, of Osburg, were in the city Thursday on their way to Mrs. Galbreath's home. In company with their cousin, Miss Bess Alexander, they were the guests until Friday of Mrs. Z. R. Alexander at the home of her parents, Mr. and Mrs. J. T. Hays.

Mrs. Allen West of St. Joseph was the guest of Miss Bess Scott Friday. She was accompanied to St. Joseph Friday evening by Miss Vivian Pennewell of that city, who had been Miss Scott's guest for a week.

Mrs. Harry Snyder and daughter, Lucile, are visiting in the city with relatives. Mr. Snyder will arrive Saturday night for a visit over Sunday.

Mrs. John C. White and daughter, Clydel, living west of the city, went to Gallatin Saturday to visit the family of D. D. Beem formerly of Maryville. They will also visit at Jamesport with the family of Mr. White's cousin, Olin White, who recently moved there from Illinois.

Mrs. F. C. Conrad went to Stanberry Saturday for a short visit with her sister, Mrs. G. B. Templeton, and other relatives.

Mrs. A. M. Culbertson, who has been spending several months with the family of D. W. Hull at Afton, Okla., and friends and relatives in Kansas, returned to Maryville Saturday noon and will occupy apartments with Mrs. W. W. Jackson of South Main street.

Ray Foland and sister, Miss Vada Foland, went to Pickering Saturday to visit over Sunday with their cousin, Otha and Miss Bess McDowell.

Allan D. Fellows of Fairfax, proprietor of the Ellendale stock farm, southwest of Maryville, is here on business.

CIVIC ENTHUSIASM.

If you want your home city to remain stationary or to lose in population, one sure way to help toward that end, is to adopt an apologetic attitude in speaking of your home institutions. If you have a friend visiting you, or when you are conversing with traveling men, be sure and make it clear that you recognize all the faults of the place you live in.

Thereby they will perceive that you are a person of keen and critical perceptions, and absent yourself from the world's great metropolitan centers, merely from some interestingly eccentric whim.

But although you may succeed in making this impression, your real estate or your business will not thereby grow more valuable, nor will your wages thereby add anything to the reputation possessed by your town as a good place to live and do business in, which reputation is the only thing that draws newcomers.

We have often noted the feeling of pride with which people in a growing city speak of the place they live in. They talk of things in a large way. They call the little brook running through the town a river, the pond a lake, the hill a mountain.

It is easy of course for people to get to speaking about such things in a high flown bombastic way. But an enthusiastic view of one's surroundings need not necessarily make itself ridiculous.

This habit of civic enthusiasm is not the effect of growth, but a cause and the principal cause. Just as a man accomplishes in life the degree of success he believes he can accomplish, so a city accomplishes in some degree the growth its people believe it can attain.

Miss Nellie Douglas and Miss Mamie Kane went to St. Joseph Saturday morning to spend the day.

HOPKINS NEWS BY OUR CORRESPONDENT

Miss Pearl Kennedy has announced herself a candidate for collector of Hopkins township. Here's hoping she will be elected.

Miss Della Butts returned Tuesday noon from a short visit with friends in St. Joseph.

Mrs. Anna Kleth spent part of Monday in Maryville on business.

Mr. and Mrs. Arnie Douglas and son returned Wednesday from a week's visit in St. Joseph with the former's sister Mrs. Walter Eichelberger.

Misses Ella Ford and Iva Billings went to St. Joseph Saturday morning and attended the matinee.

W. N. Morgan of Parnell and R. L. Jones of Warrensburg, both extensive dealers in mules, were in Hopkins last week to attend the Alexander sale.

Mrs. Estella Douglas is entertaining a brother from Council Bluffs, Ia. Dr. Cossius and wife are nicely located in their new home, the former Sam Chaney property, in South Hopkins, and the doctor will soon occupy his office rooms over the Chaney grocery store. The doctor seems to be making a good impression, and we hope he will succeed in building up a good practice.

Mrs. Lewis Walter of Des Moines was shaking hands with his numerous friends one day last week.

Mrs. Arthur McMaster is planning to have a large music class this summer. Mrs. McMaster is a graduate of the Maryville Conservatory of Music, and as Miss Edna Sargent was very successful as a teacher.

Glen Chaney left Monday for St. Joseph, where he secured a position with the Nave-McCord wholesale house.

Frank Mahan is certainly a public benefactor, as he is erecting a new building on the vacant lot just south of the Journal office. It certainly will be a great improvement to that side of the street. Wish some man with a barrel of money couldn't sleep good nights until the rest of those old buildings were torn down and new ones built in their places.

The real estate firm of Bradley & Robbins has dissolved partnership, and we understand Ira will go west to grow up with the country. Mr. Robbins has secured rooms over the Merchants bank and will continue the business.

Fred B. Shiley and family are comfortably located in the home of Mrs. Mary Martin, having rented the same furnished. Mr. Shiley is an excellent business man and his hosts of friends are glad to have him return to Hopkins.

The many friends of Doc Jackson will be pleased to know he is making a splendid success of his school work at Oassaw, Okla.

Mrs. Emma Cobb has been quite sick the past week, but is much better at the present writing.

Mrs. J. C. Pistole was taken critically ill Monday, and for a short time her life was despaired of, but we are glad to know she is reported better this morning. Walter Pistole of St. Joseph is here, being called on account of his mother's sickness.

Mrs. Madeline Caffray, the leading milliner of Hopkins, is to have her opening Saturday of this week, and is making great preparations for the day. Mrs. Caffray spent several weeks in Kansas City this spring, and has a line of exquisite hats from that city and St. Louis. She is offering the famous "Regina" hats, and these rank near the famous Gage hats. This is certainly giving the ladies of this vicinity a life-time opportunity of securing the latest styles without the effort and expense of a trip to the city.

Misses Ruth Anderson and Frances Lindsay spent Saturday evening in Maryville shopping. The young ladies are very grateful to the Union Bus company for the little "hurry-up wagon," for, of course, they were "too late for the bus."

"Col." Edmonston, who lives on "Deacon" Morehead's farm, south of town, is a brave man, but he thought his time had come when one of Will Alexander's long-eared mules broke through the fence and landed with all four feet upon the doughty colonel. All this happened last Thursday at the Alexander sale, and for a time it seemed pretty serious, but we are glad to say our friend the colonel has almost recovered, and we suppose the mule has, too.

The P. E. O. society held its regular meeting at the home of Miss Frances

SUNNY MONDAY

There is not an ounce of rosin in Sunny Monday Laundry Soap. Rosin is used in all other laundry soaps—because it is cheaper than the fats and oils used in Sunny Monday. Sunny Monday costs more to manufacture than any other laundry soap of which we know. It is kind to clothes—will not shrink flannels or woollens, or turn clothes yellow.

Sunny Monday is just as pure as its whiteness indicates; it is the safest and most economical laundry soap you can use.

THE N. K. FAIRBANK COMPANY
CHICAGO

Lindsay last Monday night. The following officers were elected and installed for the coming year: President, Mrs. Bess Goodson; vice-president, Mrs. Arthur McMaster; recording secretary, Mrs. W. C. Kirk; corresponding secretary, Miss Lulu Hughes; treasurer, Mrs. O. A. Edmonds; chaplain, Mrs. Emma Cobb; guard, Mrs. E. C. Wolfers, Sr. Mrs. Bess Goodson and Mrs. Arthur McMaster were elected delegates to the state convention, to be held the first week in June at Trenton.

The services at the Christian church last Sunday were largely attended and very much enjoyed by those present. The Sunday school almost reached the two hundred mark, which is, we believe, the largest Sunday school ever held by any one church in Hopkins. The men's Bible club was composed of fifty-six of the representative men of the town, and we hope a month from now will see one hundred in this class. Rev. Snodgrass is a "live wire" and is very much liked, not only by his own people but also by the young men around town.

The union meetings that were held in the Presbyterian church closed last Sunday night with a very able sermon by Rev. Tinkham. These meetings were largely attended and a great deal of good was derived from them.

The sacred concert given at the Presbyterian church Sunday afternoon under the direction of Prof. F. E. Washburn of Brookfield, Mo., proved to be excellent. Mr. Washburn had trained a large chorus, which responded wonderfully to his efforts, and rendered a number of beautiful songs.

A male quartet composed of Ora Saylor, Mr. Washburn, C. L. Adams and Ed Owens gave two selections, while a ladies' trio, Mrs. Moorehead, Mrs. Mason and Mrs. Adams, was equally as good. Solos were rendered by Mrs. Mason and Harmon McMaster. These were especially pleasing to the audience.

The Hopkins orchestra gave two numbers. The orchestra is under the direction of Elbert Aiken, and he is proving himself a very efficient leader.

The concert as a whole was a success and much is due those of the chorus for their faithfulness, as well as to Mr. Washburn, who is simply fine, beyond a doubt. Mr. Washburn had charge of the music the last week of the revival meeting, and in that time proved his worth as well as in the concert. This is his third visit to Hopkins on this mission, and he has made a host of friends here by his sincere desire and tireless effort to promote Christian work.

Hopkins against the world! Yes, for two things; one, the minor just now, it getting a big crowd, no matter if it rains, snows or hails. If there's anything doing in Hopkins there'll be a crowd. But just now the major thing is fire. Wednesday morning at 8 o'clock, with the thermometer registering near zero, the wind blowing a gale and the streets deserted, the fire alarm sounded. In an instant, and as if by magic, there appeared a large number of men with buckets and fire extinguishers. A wagon was ready and soon the fire fighters were on their way at break-neck speed. After a run of nine blocks the residence of Harry Hoxworth, the scene of the fire, was reached and, behold, the gasoline stove had only exploded and the flames had been smothered before the arrival of the fire fighters, and very little damage had been done. Nevertheless the men were there and had the fire been a serious one would have shown themselves worthy any amount of praise.

While we do not have the protection in case of fire a city would give, yet when danger threatens the property of a neighbor the citizens of the town stand united to protect and guard it.

Don't drug the stomach or stimulate the heart or kidneys. That is wrong. It is the weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr. Shoop's Restorative, and see how quickly good health will come to you again. Test it and see! Sold by Thomas J. Parle.

Visitor from Omaha.
Mrs. John B. Swearingen of Omaha arrived in Maryville Thursday night on a visit to her sister, Mrs. Rebecca Gray of South Main street, and brother, U. S. Wright of South Buchanan street.

NO LAW AGAINST SHIPPING ARMS

Government Can Control Only Individual Cases.

FINE DISTINCTION IS DRAWN.

Mere Shipment Not an Offense, but Both Recruits and Munitions Must Not Be Joined—One Direct Precedent Is Found.

Washington, March 17.—Careful study of the neutrality laws has left the administration's advisers doubtful as to whether the United States can prevent the shipment of arms and ammunition to the Mexican insurgents. The department of justice's view of the law and its study of the precedents bear out the contention by administration officials that the government can control in a measure the shipments of arms, dealing with each particular case according to the circumstances surrounding it, but that there is no general statute which explicitly forbids the shipment of arms.

In the Wiborg case, in connection with one of the filibustering expeditions to Cuba, the supreme court of the United States affirmed the opinion of the court below that it was no crime to transport munitions of war to another country whether they were to be used for war or not and it was not an offense to transport persons intending to enlist in a foreign army and munitions of war on the same trip.

The court, however, upheld the fine distinction that it would have been a breach of law if both the persons intending to enlist and the munitions of war being transported were parts of the same military expedition planned and set on foot in this country.

Precedent for Case.

One case which bears directly on the Mexican situation has been found, that of the United States vs. Ybanez, charged with forming an expedition in the United States to invade Mexico. Judge May held that before conviction it must be proved that the design and purpose of the expedition was some attack or invasion of another people or country as a military force. Judge May also held that the mere fact that men armed with rifles had crossed the Rio Grande into Mexico would be not sufficient in itself to constitute a military enterprise or hostile intent, but the proof must be furnished of what they were doing and where their destination was. The court made plain, however, that if any number of men planned in the United States an attack on Mexico they would be guilty of a violation of the neutrality laws.

While no official opinion has been given, it is understood the department of justice takes the position that there is no general law to prohibit the shipment of arms to insurgents and that this is practically understood by the administration.

REBELS ASK NEW ELECTION

Garza Says Madero Insists That Diaz Submit to Free Ballot.

El Paso, Tex., March 17.—Before any proposals for the termination of the Mexican insurrection will be entered into by the insurgents, Diaz must agree to declare null his election of 1910 and must agree to submit to a new election under the provisions for a free ballot allowed by the constitution of 1857. He must agree to grant all the political reforms demanded. The insurgents must not be required to surrender their arms until peace is assured.

This is the reply of Senor Gonzales Garza, the insurgent secretary of state, to the statement from New York that Senor Limantour, the Mexican minister of finance, had formulated tentative plans for ending the insurrection and in effect it is the reply of Madero, the revolutionary leader, who is now fighting in the field.

CHINA YIELDS BOTH POINTS

It Is Drafting Reply Conceding All Demands Made by Russia.

Peking, March 17.—The Chinese government declares its intention of agreeing to both points at issue with Russia and is now drafting a reply to the recently received ultimatum.

The foreign board states that it is prepared to accept the establishment of Russian consulates in the places specified by Russia and also promises to take measures regarding Chinese monopolies in Mongolia which will permit Russian subjects freedom in trade in Chinese goods as well as in the goods of other countries.

Limantour Found on Board Train.

Bismarck, Mo., March 17.—That the minister of finance of Mexico, Senor Jose Ynes Limantour, is speeding to the capital of his country aboard the private car, Hidalgo, was established beyond question en route from St. Louis to Bismarck, though every effort to interview him was repulsed.

Fatal Flight Over Five Cents.

West Plains, Mo., March 17.—Angered because he believed he had been overcharged 5 cents for two plow points, Anderson Carter, a farmer living near here, struck William A. George, a hardware clerk, with one of the points, causing his death. Carter was arrested.

Mr. and Mrs. R. T. Hantz left Friday evening on a visit to their daughter, Mrs. Holmes Yates, of near Burlington Junction.

TROOPS HELD FOR QUICK ACTION

Carter's Division Directed to Be Ready in Two Hours.

ORDER CAUSES MUCH COMMENT

Action of War Department May Not Be for Maneuvers—Officer Says Mexico Is Not Big Enough for Needed Lesson—Prefers Germany or Japan.

San Antonio, Tex., March 18.—Orders have been received here from Washington that General Carter's maneuver division shall hold itself in readiness to break camp and take the field as if for actual warfare within two hours. The order causes much comment, for the particular reason that it did not come in the general maneuvers orders issued by General Carter, but from the seat of the government.

Such an order means a blanket, ten days' rations, shelter tents, 200 rounds of ammunition, etc.

The order to be in readiness for operations in the field, while it might be a legitimate feature of maneuvers, is not taken in that sense.

Excepting the generals, to whom long years have taught conservatism, every one rejected the maneuver theory, but could not explain where war was to be expected. One officer of prominence said he hoped Mexico and the United States would not become embroiled.

Officer Gives Startling Views.
"We could defeat Mexico and there would be no lesson learned. The unthinking in congress would have another object to point to, to show that we can depend on the volunteers in an emergency. We can after we have lost 75 per cent teaching the remaining 25 per cent how to fight."

"A strong lesson is needed. Japan or Germany would serve—preferably the former, because of her geographical situation. They are quite capable of attacking us, with their perfect preparedness, whenever ready. We have spent ten days in turmoil gathering a handful of men in Texas. Ultimately we should triumph, but the ultimate cost would be appalling. It would be much cheaper, even in money, let alone lives, to tremble our force, than to take such a lesson, considering the resultant pension rolls alone."

Officers cannot be quoted for publication where criticism of superiors is involved, or to be inferred, but the man who made the foregoing statement has a reputation which extends beyond the army.

INSURRECTOS TO FIGHT ON

Invitation to Come in and Be Hanged Not to Their Liking.

El Paso, Tex., March 18.—Despite assurances that Senor Limantour, Mexican minister of finance, has started plans for the termination of the Mexican revolution, the revolutionary leaders here declared that the fighting will continue.

"There will be no pause in hostilities," said Senor Gonzales Garza, insurgent secretary of state. "With the threat of the Mexican government hanging over us, our fight for liberty and for the setting up permanently of the Madero government will continue. No overtures for peace will be considered officially by us until it has come from Mexico City. It must come with a promise that Diaz will retire on the ground that his election was not regular."

Notwithstanding the assertion, the report of Limantour's exertion in behalf of peace has created a profound impression in the insurgent ranks. It is known that a courier has already been dispatched to the field to inform Francisco I. Madero, the revolutionary president, of the latest phase. Madero has already been made acquainted with the preliminaries. It is said no negotiations will be undertaken without his approval of the terms for an armistice. The terms must be such that if peace plans fail the insurgents will not have lost any strength by the effort. Two hundred rounds of ammunition, a rifle, horse, blanket, and rations consisting of fresh meat, beans, corn cakes and "cinnamon coffee" form the average equipment of the 5,000 insurgents now in the field, according to the reports to the junta.

A CINDER IN HIS EYE.

This world don't suit Tom Hendershot. The whole blamed thing's dead wrong. He has a most unhappy lot. And mourns it right along; It's always cold or wet when he Would like it warm or dry; There somehow always seems to be A cinder in his eye.

His children are all girls and so That keeps him feelin' sad; No matter how his crops may grow, He thinks the outlook's bad; The things he sells are all too cheap, The things he buys too high; He manages to always keep A cinder in his eye.

A hundred times I've heard him say He wished that he was dead; He never has a happy day, He's always full of dread. If good luck came to you or me He'd sadly wonder why; There always seems, somehow, to be A cinder in his eye.

To him the future's always dark, His puddin's always mush; If he should hear a singin' lark He'd wish it was a thrush; If when he takes his last long sleep He wakes up in the sky, He'll manage there to always keep A cinder in his eye.

SELL "WOMAN'S OIL FIRM."

Company Was Organized at a Tea Party in New York.

The property of the Sunflower State Refining company of Niotaze, Kan., is to be sold by J. B. Adams of Eldorado, receiver, to the highest bidder. The sale will take place in Sedan about the middle of April, says the Kansas City Times.

The company, known as "The Woman's Oil company," because it was organized by Miss Hermana Kaessmann of Rochester, N. Y., has been in the courts for almost two years. The refinery has been closed since last summer. Its promoter now is an invalid and its stockholders probably will be heavy losers. At the time the company entered the bankruptcy courts the assets were \$600,000 and the liabilities \$275,000.

Judge John C. Pollock of the Kansas federal court ordered the plant sold last November. That order required the purchase price to be at least \$200,000. No one appeared to bid, however, and since then the creditors have been anxious to find some way by which they could obtain a part of their money.

Under the order made yesterday the plant may be sold altogether or any part sold separately.

The history of the company begins with the desire of a woman to separate herself from the routine of the school room. In 1905 Miss Kaessmann was a teacher in the schools of Rochester, N. Y. She sought a more profitable field—the oil fields of Kansas. A tea party with a group of friends, and the company was formed. The oil business had come up for discussion at the party and over the cups Miss Kaessmann told her friends she had decided to give up teaching, go to Kansas and build an oil refinery. Her story interested her friends and they, with several other persons, joined in the enterprise. She was elected president and manager of the refinery.

The capital was \$175,000. A plant was built at Niotaze and a pipe line to bring the oil from the adjacent wells. But it was an uphill struggle. The first trouble was a short time after the plant was built—it was the old story, a freeze-out game on the weaker competitor by the powerful. Before the plant was erected, an understanding had been reached with an oil producer that the plant was to be amply supplied with crude oil. The promise was broken and she was unable to obtain a supply of oil. But forgetful of the decree of the powerful company that nobody but themselves should do a refining business in that territory, she kept on. She won after she had bought the stock of her Rochester friends to save them, she thought.

In 1909 Miss Kaessmann decided that she would build a lubricating plant to take care of the residuum left from the crude petroleum after the illuminating oils had been extracted. But the plant did not pay.

GRAY HAIRS BANISHED.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of its souring quickly. This objection has been overcome and by asking almost any first-class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Josephine, the World's Champion Cow, to be Exhibited Free on Special Wabash Train

EVERYBODY SHOULD ATTEND

An event of unusual interest, not only to the farmers of our county but to the people generally, are the coming lectures by the experts of the College of Agriculture, University of Missouri, and of the State Board of Agriculture.

The Democrat-Forum is informed that the Wabash special train, carrying the experts and their exhibits, will arrive at Maryville at 7:00 P. M. Thursday, March 23. The lectures will be delivered in the Court House, and everybody is cordially invited to attend.

The lectures will include such interesting subjects as "Better Farm Methods," "Modern Dairying," "Spraying," "Horticultural Work," "Soil Improvement," "Better Live Stock," etc.—every subject of great interest.

An especially attractive feature of the exhibits carried on the special train will be "Missouri Chief Josephine," the world's champion cow, which, as some of us know, was born and raised on the Missouri Agricultural Farm. She offers wonderful evidence of the real dollars and cents value of farm methods as practiced at the College of Agriculture, and about which we are to hear at the lectures. There will also be shown some other thoroughbred stock owned by the College of Agriculture. This is some of the best stock ever produced in Missouri, or any other state, and will undoubtedly be interesting to see.

●The Democrat-Forum sincerely believes that these lectures will be of great interest and real practical help to everyone who hears them.

**RAPID PROGRESS
MADE ON CANAL**
Record for February is Largest
in History of Work.

Washington, March 18.—The excavation in the central division of the Panama canal, including the great Culebra cut and the Chagres section, during February, was the greatest on record, being 1,409,338 cubic yards. Altogether in that division 71,033,522 yards have been excavated, leaving 26,091,496 yards to be removed.

In the Atlantic division the total excavation was 574,199 yards and in the Pacific division 509,217 yards.

Taking the canal as a whole, up to March 1, there had been taken out 131,829,436 yards, leaving to be excavated 50,798,329 yards.

The canal at the Pacific entrance is completed from deep water to a point opposite the Panama railroad wharf at Balboa, a distance of about five miles.

In the Atlantic entrance to the canal the channel is completed to its full width of 500 feet.

FORMER BANKER ON TRIAL.

L. S. Nafziger of Wichita Charged With Selling Stolen Stamps.

Wichita, Kan., March 18.—L. S. Nafziger, formerly president of the Fourth National bank of this city, was put on trial in the federal court in this city on a charge of having received postage stamps stolen from postoffice and bank robbers.

Callahan, with Ray Templeton and Edward Earl two members of the gang, were convicted before the Nafziger case was called. Templeton and Earl were found guilty of robbing the Hope and Burdick (Kan.) postoffices and Callahan was convicted of receiving the stamps and selling them to Frank S. Butt, who was then chief of police of Wichita.

Judge Pollock refused to grant a continuance of the Nafziger case on account of the absence of three witnesses for Nafziger, who are out of the city.

Baschang Case Goes to Jury.

Cincinnati, March 18.—The case of Jacob Baschang, prominent as a Republican ward politician, who is on trial on the charge of accepting a bribe in connection with the "listing out" of a saloon, went to the jury.

TRADE REVIEW FOR THE WEEK

Dun Says Improvement is Proving Very Slow.

HOPEFUL OUTLOOK FOR CROPS

Iron and Steel Markets Designated as Irregular and Conservative—Improvement in Shoe Trade Continues. Hide Markets Quiet.

New York, March 18.—Dun's review says: Recent improvement in trade is very slow, irregular and conservative and chiefly is in evidence in iron and steel, in which there is a larger demand for structural materials; a more cheerful sentiment regarding pig iron and better mill conditions in finished materials. The volume of transactions is somewhat under that of last year's, but is generally larger than in the preceding quarter, while business sentiment is helped by the hopeful outlook for crops.

Very conservative trading is reported in the primary and secondary dry goods market, yet some mills are busy, while others, notably cotton mills, are being forced to curtail production in a large way. Silks, wools and worsteds, linens and some other special lines show business enough to offset the depression manifested in cotton circles.

The improvement in the shoe trade noted last week continues and further good sized orders have been placed by jobbers, who were previously holding out in the hope of concessions. The tone of the prices is steady. There is little if any improvement in the demand for leather and sole is especially quiet owing to buyers having previously stocked up so heavily in advance of their needs on this variety.

The hide markets are generally quiet, but prices are well maintained on all varieties. Packer hides are especially dull, but the stocks of these are so well sold up for this season of the year that prices are easily maintained.

IRON ORE SUPPLY DWINDLING

Cushman Says Deposits in United States Will Be Exhausted in 30 Years.

Philadelphia, March 18.—Speaking on the subject of the conservation of iron, Dr. Alerton S. Cushman, director of the bureau of industrial research at Washington, declared at the Franklin institute that at the present rate of production, the iron supply of the United States will be exhausted in thirty years.

"If the average rate of increase by decades should be continued," he said, "it would require the production in the next three decades of 6,088,000,000 tons of ore. But the ore supply now available in the United States is estimated at 4,788,000,000 tons, which is only 78 per cent of the amount needed on this assumption. It is evident, therefore, that the present average rate of increase in production of high grade ores cannot continue even for the thirty years."

LEAGUE PRAISES TAFT

Meeting at London Heartily Approves Recent Utterances of President.

London, March 18.—The International Arbitration league at its meeting sang praises in praise of President Taft's suggestion for an unqualified Anglo-American arbitration treaty and Sir Edward Grey's speech in support of the same.

Lord Chancellor Loreburn, who presided, declared that when a man who held an office such as the presidency of the United States said what President Taft had said, he raised the hopes of all mankind.
